

Certification for Tax Credit under Section 25C of the Internal Revenue Code

Climate Zones 4-8, Dual Pane, Low E, Solar Control, Clear or Tinted

Hüper Optik USA manufactures solar control window film that is placed on the interior surface of glass in exterior windows, door and skylights. These windows block up to 80% of the solar energy that enters through these glass surfaces, resulting in lower energy costs of climate control.

Hüper Optik USA certifies that the following window film products are eligible building envelope components for **Climate Zones 4-8, dual pane low e, solar control, clear or tinted windows** and qualify for the credits allowed under Section 25c of the Internal Revenue Code when applied to glass.

Fusion 10	ESC 35	ESC 45
Fusion 20	Fusion 30	Fusion 40
Ceramic 30	Ceramic 40	Ceramic 50
Select Acht	Select Drei	Select Sech
TSL 15	TSL 35	TBR 20
TBR 35	Ceramic 60	

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.
